

Dear exhibitors,

Publitec, with its dynamic presence in the exhibition sector can cover any need that might arise in terms of providing audio-visual equipment during the **eCommerce Expo Greece and SouthEast Europe 2018**.

The services provided by our company cover the transportation, installation, operation and disassembly of the AV equipment that you might need.

Indicative, the rental cost of a **TV 42" LED FHD**, for the entire duration of the conference and exhibition, is set **100,00 not incl. VAT** with payment upon delivery and the entire set entails the TV screen, the INOX base, the DVD player or the MEDIA player for material to be played via USB stick and all necessary cabling.

The screen dimensions are 1000 x 600 x 35mm.

The INOX base is 2m in height with height adjustment mechanism in three (3) positions in 10cm.

The USB stick media player supports files in mpeg1,2,4, avi, vob. configuration.
