

| 24 & 25 November 2018 | Zappeion Megaron, Athens |

Dear Madam/Sir,

Given the lack of suitably trained and experienced staff with the right technical skills, the Expos organizers decided for the first time this year to create a **job fair** at eCommerce Expo 2018 addressing the needs of the industry.

In a specially designed space, exhibitors will welcome jobseekers, exploring the possibilities for possible collaboration.

In the same area, educational institutions will be invited to take part in the promotion of modern professions related to e-commerce

Facilities:

- Space rental for 4-5 sqms.
- Furniture 1 desk 3 chairs
- Printouts using company creatives for back wall/backdrop (3 sqms)
- Lighting fixtures
- Power supply

Cost: **240€** (not incl. VAT)

Due to increased demand from exhibitors but also from companies that have not yet committed to attending the event, please call us directly to further discuss the proposal.

Yours sincerely,

Vasilis Yiannikos

Organiser

eCommerce Expo Greece & Southeast Europe
